

BLUE MOUNTAIN SCHOOL DISTRICT

TITLE ONE PARENT PLAN

The Blue Mountain School District Title One Program is committed to the belief that all children can learn and acknowledges that parents share the school's commitment to the educational success of their children.

We recognize that a child's education is a responsibility shared by the school and family and agree that to effectively educate all students, the school and parent must work as knowledgeable partners.

We define parent involvement as an on-going process that assists parents to meet their basic obligation as their child's first educator. We believe in the importance of promoting clear dialogue between home and school and we continue to support parents as valuable contributors in conjunction with the school's education of their children.

To this end, a written plan that encourages parent involvement will be developed by the eligible school's parents and staff. The plan will be developed at the Fall parent meeting in each eligible school.

The plan includes a school-parent-student compact and will support the development, implementation and regular evaluation of the parent involvement program.
