

Device Protection Plan *2023-2024 School Year*

Students are issued a device and charger to be used during class, virtual learning and/or summer credit recovery program. The Blue Mountain School District AUP is available on the District website under policy #815.

Student and/or Parent should inspect device and charger upon initial receipt of the items and notify the school right away of any physical damage or problems found. For example, cracked iPad or laptop screen, charger doesn't consistently charge device when plugged in, headphone jack not working, etc. Purchasing a generic charger (wire and block) for use with my BMSD given device is not permitted.

The plan covers repairs to the device, case, or charger. Items that are lost or maliciously broken are not covered under the plan. The plan is evaluated on a yearly basis and subject to change. You must be registered in the plan prior to an incident for the repair to be covered by the plan. The Plan does not have to be purchased the first day of school; must be purchased prior to first repair.

Please sign and return with payment if you want to purchase the Student Device Protection Plan at your earliest convenience. However, it will not be honored post damage.

2023-2024 Non-refundable Student Device Protection Plan cost is \$30.

Please pay via cash, check, or money order. Credit cards are **NOT** accepted.
Checks are made payable to: Blue Mountain School District
All checks should have the student's name(s) written on them in the memo.
