Is my Child Ready for Kindergarten?

Contrary to popular belief, reaching your fifth birthday does not mean that you are ready for kindergarten. All Children develop at different paces and being five does not necessarily mean that your child is ready to come to school and be part of the full day kindergarten program. Unlike the kindergarten classrooms of years ago, students in kindergarten spend a large portion of their day doing academic tasks. If your child is not ready to handle such expectations, he/she may become frustrated and may not like coming to school.

Many parents ask, do I have to send my child to school because he/she is five? The answer to that is NO! If you feel that your child is not ready for kindergarten, it is best that you wait another year until he/she is more ready to handle what is expected. Perhaps your child needs another year at a part-time daycare in order to get used to being away from home and you. Perhaps he/she needs to spend some time with other children in order to first learn how to get along with his/her peers before being asked to learn colors, letters, numbers, basic sight words, and to even write simple sentences on their own.

You as the parent are the best qualified to make the decision as to whether or not your child is ready. The following list can help you to guide your decision.

Your child should be able to:

- Take care of all bathroom needs on his/her own
- Sit quietly for at least ten minutes and listen to a story and be involved in a learning activity for approximately thirty minutes
- Express his/her needs clearly enough to ask for help
- Share with other children
- Be separated from you for at least part of the day on a regular basis
- Follow simple rules/routines
- Eat independently
- Assume responsibility for his/her belongings

If you have any questions or concerns, please feel free to call us at the Blue Mountain Elementary Schools. We would be happy to help you as your child begins a long and prosperous educational career!

ELEMENTARY DRESS AND GROOMING POLICY

Purpose:

The Board recognizes its paramount obligation to provide for the health, safety, and welfare of the students who attend its schools. The Board further recognizes its responsibility to maintain a positive learning environment in the schools under its jurisdiction and to minimize the opportunity for distraction and/or disruption. The Board believes that a dress policy will address the issues related to the health, safety, and welfare of the students attending its schools and will further aid in the maintenance of a positive learning environment.

Authority:

Although the School Code does not require that the reasons or justification be stated by any local Board of School Directors, the reasons for adoption of this policy include, but are not limited to:

1. Increase school safety.
2. Promotion of a positive work ethic.
3. Promotion of civility and respect.
4. Avoidance of peer pressure regarding dress.
5. Decrease the distractions of teasing, bullying, hazing, or other harassment.
6. Identification of nonresident students.
7. Reduction of cost of clothing for students.

Delegation of Responsibility:

The Superintendent shall develop procedures to implement this policy, which designates the building principal to monitor student dress and grooming in his/her building and enforce school rules concerning dress and grooming in accordance with the district's discipline policy. School administrators have the final responsibility for interpretation and enforcement. School administrators may use their discretion to designate specific days that permit students to wear other types of clothing.

Applicability:

All students will be subject to this dress policy. All students must report to school on a daily basis attired in compliance with the provisions of this dress policy. There is to be no changing of clothes in school or on any school property prior to the beginning of the school day, or at the end of the school day, unless it is for physical education, sports teams, extracurricular activities, or as authorized by the building administrator. The dress policy shall be in effect during the regular school year, during regular school hours, and at any school-sponsored event during regular school hours.

The following dress and grooming guidelines apply to all students in grades K-5:

The Blue Mountain Elementary Schools encourage its students to wear clothing that is clean, neat and of appropriate length for an academic environment. The following types of clothing are banned:

- Vulgar, offensive messages. Clothing that is offensive to staff and fellow students. Clothing that contains messages that are vulgar, offensive, obscene or libelous; that denigrate others on the basis of race, color, religion, creed, national origin, gender, sexual orientation, or disability; that promote alcohol or drug use or violence; or that are otherwise contrary to the school's educational mission.
- Clothing that presents a safety hazard. Students may not wear any apparel that could pose a threat to the health, safety, or welfare of the school community. No chains, spiked or choke collars may be worn or carried at any time; this includes wallet chains, etc.
- Hats, caps, bandannas and similar headwear are not to be worn in district buildings except for medical or religious purposes with administrative approval.
- Brief and/or revealing clothing. Students must recognize that brief and/or revealing clothing is not appropriate apparel in school. The following guidelines on brief clothing are examples and do not cover all situations. Students shall not wear tank tops, halter tops, garments with spaghetti straps or strapless garments. Garments that are "see-through", cut low, or expose one's midriff are not acceptable. Sleeveless garments must extend to the end of the shoulders and fit closely under the arms. Skirts and shorts must not be shorter than the student's fingertips when his/her arms are held at his/her side.

- Undergarments must not be visible.
- Sagging Pants. Students shall not wear pants or shorts that when fastened sag or fit below the waist. All pants and shorts must fit around the waist and be properly fastened.
- Excessive length or baggy clothing (includes but is not limited to trench coats) is not permitted. Unless there are heating problems, all jackets/coats must be kept in lockers and not worn during the school day.
- Shoes should be safe and appropriate for an active child. Flip flops, slippers, backless shoes and Heelies or other sneakers with wheels are not permitted.

CHILDREN'S RESPONSIBILITIES

Children's responsibilities include regular school attendance, conscientious effort in classroom work, and conformance to school rules and regulations. Most of all, children share with the administration and faculty a responsibility to develop a climate within the school that is conducive to wholesome learning and living.

No child has the right to interfere with the education of his/her peers. It is the responsibility of each child to respect the rights of teachers, children, administrators, and all others who are involved in the educational process.

Children should express their ideas and opinions in a respectful manner.

It is also the responsibility of the children to conform to the following:

1. Be aware of all rules and regulations for behavior and conduct themselves in accordance with them. Children should assume that, until a rule is waived, altered or repealed in writing, it is in effect.
2. Volunteer information in matters relating to the health, safety, and welfare of the school community and the protection of school property.
3. Dress and groom so as to meet fair standards of safety and health, and not cause substantial disruption to the educational processes.
4. Assist the school staff in operating a safe school for all students enrolled therein.
5. Comply with Commonwealth and local laws.
6. Exercise proper care when using public facilities and equipment.
7. Attend school daily and be on time at all classes and other school functions.
8. Make up work when absent from school.
9. Pursue and attempt to complete satisfactorily the courses of study prescribed by Commonwealth and local school authorities.
10. Report accurately and not use indecent or obscene language verbally or in writing.

Transportation Information

Dear Parent/Guardian:

When you enroll your child, you automatically register them for transportation. Please encourage your child to ride the bus during the first week of school so that they can become familiar with the bus procedures and their driver. Be assured that Blue Mountain School District is committed to providing safe, efficient and reliable transportation services for your children.

If you think your child's bus is late or has arrived early, call the Transportation office. They can radio the driver and check on the location of the bus. If your child loses an item on the bus, concerns about bus and driver safety should all be directed to the Transportation office.

Bus Stop Basics

All students are assigned to a centrally located bus stop that efficiently accommodates all students within the allotted time. District policy allows for a maximum walking distance of a 1/2 mile to a bus stop. Students should be at the bus stop at least 5-10 minutes before the bus is scheduled to arrive and stay off the road when waiting so the driver has room to stop. Please bear in mind that adverse weather conditions, traffic or occasional mechanical problems can delay buses.

Children are picked up and dropped off at the same bus stop. Students may not ride another bus route to or from school with another student for any reason. If they are to be dropped off at an alternate location (i.e., daycare center), please notify the Transportation Coordinator. School bus drivers do not have authority to change bus routes or student stops. A parent or other designated adult must meet kindergarten and first grade students upon arrival at the bus stop at the end of the day. A designated adult is someone selected by you and placed on file with the school and/or bus driver. If circumstances dictate that another person pick up your child on a given day, you must notify the school in writing. Drivers are instructed not to release kindergarten or first grade students if no designated individual is at the stop. In the event this happens, the school will attempt to contact the parent/guardian. If necessary, the driver will return the child to their assigned school building.

In the event of an emergency situation, a student may be granted permission to get off the bus at an alternate location on the same bus route. In this case, the Transportation office must be contacted prior to the time of the occurrence with an explanation of the emergency.

Conduct

The school day begins and ends at the bus stop, therefore the same rules and expectations for behaving in a safe, responsible and respectful manner apply on the bus. Audio/Video recorders may be placed on board school vehicles to be a deterrent against acts of misconduct, thus providing a safer environment for students and drivers. Inappropriate behavior on the bus will result in logical consequences that may include suspension from the bus. Repeated behavioral infractions will be reported to school principals who will determine what actions will be taken. Recorded audio/video recordings capturing misbehavior may be used at conferences with parents/guardians as evidence for disciplinary action.

"DEDICATED TO EXCELLENCE"

Re: Title I Services for Grades Kindergarten through 3rd Grade

Dear Parent(s)/Legal Guardian(s):

Your child attends Blue Mountain School District, which receives Federal Title I funds to assist students in meeting state achievement standards. Throughout the school year, we will be providing you with important information about this law and your child's education. This letter lets you know about your right to request information about the qualifications of the classroom staff working with your child.

At Blue Mountain School District, we are very proud of our teachers and feel they are ready for the coming school year and are prepared to give your child a high-quality education. As a Title I school, we must meet federal regulations related to teacher qualifications as defined in ESEA. These regulations allow you to learn more about your child's teachers' training and credentials. We are happy to provide this information to you. At any time, you may ask:

- Whether the teacher met state qualifications and certification requirements for the grade level and subject he/she is teaching,
- Whether the teacher received an emergency or conditional certificate through which state qualifications were waived, and
- What undergraduate or graduate degrees the teacher holds, including graduate certificates and additional degrees, and major(s) or area(s) of concentration.

You may also ask whether your child receives help from a paraprofessional. If your child receives this assistance, we can provide you with information about the paraprofessional's qualifications.

The Every Student Succeeds Act (ESSA) which was signed into law in December 2015 and reauthorizes the Elementary and Secondary Education Act of 1956 (ESEA) includes additionally right to know requests. At any time, parents and family members can request:

- Information on policies regarding student participation in assessments and procedures for opting out, and
- Information on required assessments that include
 - subject matter tested,
 - purpose of the test,
 - source of the requirement (if applicable),
 - amount of time it takes students to complete the test, and
 - time and format of disseminating results.

Our staff is committed to helping your child develop the academic knowledge and critical thinking he/she needs to succeed in school and beyond. That commitment includes making sure that all of our teachers and paraprofessionals meet applicable Pennsylvania state requirements.

If you have any questions about your child's assignment to a teacher or paraprofessional, please contact Mr. Mark Cesari, Principal at Blue Mountain Elementary East at 570-366-1065 or Mrs. Kristin Frederick, Principal at Blue Mountain Elementary West at 570-739-4461.

Notice of Special Education Services

The Blue Mountain School District provides special education and related service to resident children with disabilities who are ages three through twenty-one. The purpose of this notice is to describe (1) the types of disabilities that might qualify the child for such programs and services, (2) the special education programs and related services that are available, (3) the process by which the Blue Mountain School District screens and evaluates such students to determine eligibility, and (4) the special rights that pertain to such children and their parents or legal guardians.

What types of disability might qualify a child for special education and related services?

Under the Individuals with Disabilities Education Act, commonly referred to as the "IDEA," children qualify for special education and related services if they have one or more of the following disabilities and, as a result, demonstrate a need for special education and related services: (1) intellectual disability, (2) hearing impairments, including deafness, (3) speech or language impairments, (4) visual impairments, including blindness, (5) serious emotional disturbance, (6) orthopedic impairments, (7) autism, including pervasive developmental disorders; (8) traumatic brain injury, (9) other health impairment, (10) specific learning disabilities. If a child has more than one of the above-mentioned disabilities, the child could qualify for special education and related services as having multiple disabilities. Children ages three through nine years old may also be eligible if they have developmental delays and, as a result, need special education and related services.

The legal definitions of these disabilities, which the public schools are required to apply under the IDEA, may differ from those used in medical or clinical practice. Moreover, the IDEA definitions could apply to children with disabilities that have very different medical or clinical disorders. A child with attention deficit hyperactivity disorder, for example, could qualify for special education and related services as a child with "other health impairments," "serious emotional disturbance," or "specific learning disabilities" if the child meets the eligibility criteria under one or more of these disability categories and if the child needs special education and related services as a result.

Under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act, some school age children with disabilities who do not meet the eligibility criteria under the IDEA might nevertheless be eligible for special protections and for adaptations and accommodations in instruction, facilities, and activities. Children are entitled to such protections, adaptations, and accommodations if they have a mental or physical disability that substantially limits or prohibits participation in or access to an aspect of the school program.

Information regarding potential signs of developmental delays and other risk factors that could indicate disabilities please contact the Schuylkill County Intermediate Unit Early Intervention Services, 17 Maple Avenue, MarLin, Pennsylvania 17951. The telephone number for the Early Intervention Program is (570) 544-9131. For school-age students please contact the Blue Mountain School District, Department of Special Education, 685 Red Dale Road, Orwigsburg, PA 17961. The telephone number for the Blue Mountain School District Department of Special Education is (570-366-0515 Ext. 1035).

What programs and services are available for children with disabilities?

The Blue Mountain School District must ensure that children with disabilities are educated to the maximum extent appropriate with their non-disabled peers, commonly referred to as the least restrictive environment. Programs and services available to students with disabilities, in descending order of preference, are (1) regular class placement with supplementary aides and services provided as needed in that environment, (2) regular class placement for most of the school day with itinerant service by a special education teacher either in or out of the regular classroom, (3) regular class placement for most of the school day with instruction provided by a special education teacher in a resource classroom, (4) part time special education class placement in a regular public school or alternative setting, and (5) special education class placement or special education services provided outside the regular class for most or all of the school day, either in a regular public school or alternative setting.

Depending on the nature and severity of the disability, the Blue Mountain School District can provide special education programs and services in (1) the public school the child would attend if not disabled, (2) an alternative regular public school either in or outside the school district of residence, (3) a special education center operated by a public school entity, (4) an approved private school or other private facility licensed to serve children with disabilities, (5) a residential school, (6) approved out-of-state program, or (7) the home.

Special education services are provided according to the primary educational needs of the child, not the category of disability. The types of service available are (1) learning support, for students who primarily need assistance with the acquisition of academic skills, (2) life skills support, for students who primarily need assistance with development of skills for independent living, (3) emotional support, for students who primarily need assistance with social or emotional development, (4) deaf or hearing impaired support, for students who primarily need assistance with deafness, (5) blind or visually impaired support, for students who primarily need assistance with blindness, (6) physical support, for students who primarily require physical assistance in the learning environment, (7) autistic support, for students who primarily need assistance in the areas affected by autism spectrum disorders, and (8) multiple disabilities support, for student who primarily need assistance in multiple areas affected by their disabilities.

Related services are designed to enable the child to participate in or access his or her program of special education. Examples of related services are speech and language therapy, occupational therapy, physical therapy, nursing services, audiologist services, counseling, and family training.

Children of preschool age are served by the Schuylkill County Intermediate Unit in a variety of home and school-based settings that take into account the chronological and developmental age and primary needs of the child. As with school age programs, preschool programs must ensure that to the maximum extent appropriate, children with disabilities are educated with non-disabled peers.

The Blue Mountain School District, in conjunction with the parents, determines the type and intensity of special education and related services that a particular child needs based exclusively on the unique program of special education and related services that the school develops for that child. The child's program is

described in writing in an individualized education program, commonly referred to as an "IEP," which is developed by an IEP team consisting of educators, parents, and other persons with special expertise or familiarity the child. The parents of the child have the right to be notified of and to participate in all meetings of their child's IEP team. The IEP is revised as often as circumstances warrant but at least annually. The law requires that the program and placement of the child, as described in the IEP, be reasonably calculated to ensure meaningful educational progress to the student at all times. IEPs contain, at a minimum, the projected start date and duration for the IEP, a statement of the child's present levels of educational and functional performance, an enumeration of annual goals, a description of the child's progress toward meeting the annual goals will be measured and reported, a statement of the special education, program modifications, and related services to be provided, an explanation of the extent, if any, to which the child will not participate with non-disabled children, the anticipated frequency and location of the services and a statement of any accommodations necessary to measure academic achievement and functional performance of the child on state and district wide assessments. For children aged sixteen and older, the IEP must also include a transition plan to assist in the attainment of post-secondary objectives. The public school must invite the child to the IEP team meeting if a purpose of the meeting will be the consideration of the post-secondary goals and transition services needed for the child.

The Blue Mountain School District shall allow Parents of children with disabilities to have reasonable access to their child's classrooms, so long as such parental access falls within the parameters of the District's visitation policy.

How do the public schools screen and evaluate children to determine eligibility for special education and related services?

Multidisciplinary team evaluation

The Blue Mountain School District must conduct a multidisciplinary team evaluation of every child who is thought to have a disability. The multidisciplinary team is a group of professionals who are trained in and experienced with the testing, assessment, and observation of children to determine whether they have disabilities and, if so, to identify their primary educational strengths and needs. Parents are members of the multidisciplinary team. The Blue Mountain School District must reevaluate school-age students receiving special education services every three years and must reevaluate children with mental retardation and pre-school-age children receiving special education services every two years.

Parents may request a multidisciplinary team evaluation of their children at any time. They must do so in writing. Every public school has a procedure in place by which parents can request an evaluation. For information about the Blue Mountain School District's procedures that to your child, contact the elementary, middle, or high school which your child attends. Telephone numbers and addresses for these schools can be found in the blue pages section of the telephone book under the heading "Schools." Parents of preschool age children, age three through five, may request an evaluation in writing by addressing a letter as follows: Schuylkill County Intermediate Unit, Early Intervention Services, 17 Maple Avenue, MarLin, Pennsylvania 17951. The telephone number for the Early Intervention Program is (570) 544-9131.

Parents of children in private schools may request a multidisciplinary team evaluation of their children without enrolling in the Blue Mountain School District. However, while some services might be available to some private school children who are found eligible by the Blue Mountain School District, the Blue Mountain School District is not required to provide all or any of the special education and related services those children would receive if enrolled in the Blue Mountain School District. If, after an evaluation, the multidisciplinary team determines that the child is eligible for special education and related services, the Blue Mountain School District must offer the parents an IEP and a public school-sponsored placement, unless the parents are not interested in such an offer. If parents wish to take advantage of such an offer, may have to enroll or re-enroll their child in the Blue Mountain School District to do so.

Before the Blue Mountain School District can proceed with an evaluation, it must notify the parents in writing of the specific types of testing and assessment it proposes to conduct, of the date and time of the evaluation, and of the parents' rights. The evaluation cannot begin until the parent has signed the written notice indicating that he or she consents to the proposed testing and assessments and has returned the notice to the public school.

Screening

The Blue Mountain School District undertakes screening activities before referring most students for a multidisciplinary team evaluation. Screening activities could involve an instructional support team, commonly referred to as the "IST," or an alternative screening process. Regardless of the particular screening method employed, the screening process must include (1) periodic vision and hearing assessments by the school nurse as mandated by the School Code and (2) screening at reasonable intervals to determine whether all students are performing based on grade-appropriate standards in core academic subjects.

If screening activities produce little or no improvement within sixty (60) school days, the child will then be referred for a multidisciplinary team evaluation.

For information about the dates of various screening activities in your child's school or to request screening activities for a particular child, contact the local public school directly. Telephone numbers and addresses for these schools can be found in the blue pages section of the telephone book under the heading "Schools." Parents of preschool age children, age three through five, may obtain information about screening activities, or may request a screening of their children, by calling or writing the Schuylkill County Intermediate Unit, Early Intervention Services, 17 Maple Avenue, MarLin, Pennsylvania 17951. The telephone number for the Early Intervention Program is (570) 544-9131.

Private school administrators, teachers, and parent groups, or individual parents of students in private schools, who are interested in establishing systems in those schools for locating and identifying children with disabilities who might need a multidisciplinary team evaluation may contact the Blue Mountain School District or the Schuylkill County Intermediate Unit, 17 Maple Avenue, MarLin, Pennsylvania 17951.

What special rights and protections do children with disabilities and their parents have?

State and federal law affords many rights and protections to children with disabilities and their parents. A summary of those rights and protections follows. Interested persons may obtain a complete written summary of the rights and protections afforded by the law, together with information about free or low cost legal services and advice, by contacting the Blue Mountain School District's special education or student services department at the address and telephone number listed in the blue pages section of the telephone book under the heading "Schools." The written summary is also available through the Schuylkill County Intermediate Unit, Early Intervention Services, 17 Maple Avenue, MarLin, Pennsylvania 17951. The telephone number for the Early Intervention Program is (570) 544-9131.

Such notice must be accompanied by a written description of the action proposed or rejected, the reasons for the proposal or refusal, a description of the evaluation information and other relevant factors used as a basis for the decision, the other options considered, if any, the reasons why such options were rejected and a statement that the parent has the right to procedural safeguards.

Consent. The Blue Mountain School District cannot proceed with an evaluation or reevaluation, or with the initial provision of special education and related services, without the written consent of the parents. However, the Blue Mountain School District may attempt to override the lack of consent for an initial evaluation or reevaluation by requesting the approval of an impartial hearing officer by filing a due process request. Additionally, in the case of a parent's failure to respond to a request to conduct a reevaluation, the Blue Mountain School District may proceed with the proposed reevaluation without parental consent if it can show that it made a reasonable effort to obtain parental consent and that the parent failed to respond. A public school may not seek a hearing to override the refusal of a parent to consent to an initial placement in special education.

Protection in Evaluation Procedures. Evaluations to determine eligibility and the current need for special education and related services must be administered in a manner that is free of racial, cultural, or linguistic bias and in the native language of the child. The evaluation must assess the child in all areas related to the suspected disability and include variety of technically sound instruments, assessment tools and strategies. The assessments and evaluation materials must be used for the purposes for which the assessments or measure are valid and reliable, must be administered by trained and knowledgeable personnel in accordance with any instructions provided by the producer of the assessment and must be talked to assess special areas of need. Moreover, evaluation determinations cannot be based upon any single measure or assessment.

Independent Educational Evaluation. If parents disagree with the evaluation conducted by the Blue Mountain School District, they may request in writing an independent educational evaluation, commonly referred as an "IEE," at public expense. If an IEE is provided at public expense, the criteria under which the IEE is privately obtained must be the same as the criteria that the Blue Mountain School District uses when it initiates an evaluation. If you have any questions or concerns pertaining to Independent Educational Evaluations, please contact the Blue Mountain School District Director of Special Education at 570-366-0515. If the Blue Mountain School District refuses to pay for the IEE, it must immediately request a special education due process hearing to defend the appropriateness of its evaluation.

Due Process Hearing Procedures

The parent or local educational agency, commonly referred to as the "LEA," may request a due process hearing with respect to any matter relating to the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education, commonly referred to as "FAPE". The party requesting the hearing must submit a "Due Process Hearing Request" form to the Office for Dispute Resolution, 6340 Flank Drive, Suite 600, Harrisburg, Pennsylvania 17112; telephone (800) 222-3353; TTY (800) 654-5984. A due process hearing will not proceed until all required information is provided and procedures followed.

Timeline for requesting Due Process. The parent or LEA must request a due process hearing by filing a Due Process Hearing Request within two (2) years of the date to parent or the LEA knew or should have known about the alleged action that forms the basis of the request. There are limited exceptions to this timeline. This timeline will not apply to the parent if the parent was prevented from filing a Due Process Hearing Request due to either (1) specific misrepresentations by the LEA that it had resolved the problem forming the basis of the hearing request, or (2) the LEA's withholding of information from the parent that the LEA was required provide.

Filing and Service of the Due Process Hearing Request. The party requesting the hearing must send a copy of the Due Process Hearing Request to the other party and, at the same time, to the Office for Dispute Resolution by mail addressed to the Office for Dispute Resolution, 6340 Flank Drive, Suite 600, Harrisburg, Pennsylvania 17112, or by electronic mail addressed to ODR.pattan.net, or by facsimile at (717) 657-5983.

Contents of Due Process Hearing Request. The Due Process Hearing Request must contain the following information:

1. The name of the child, the address where the child lives, and the name of the school the child is attending or, if the child is homeless, available contact information for the child and the name of the school the child is attending;
2. A description of the nature of the problem, including facts relating to such problem; and
3. A proposed resolution of the problem to the extent known and available to the party filing the Due Process Hearing Request.

Challenging Sufficiency of the Due Process Hearing Request. The Due Process Hearing Request will be considered to be sufficient unless the party receiving it notifies the Hearing Officer and the other party in writing within fifteen (15) days of receipt that the receiving party believes the Request does not meet the requirements listed above.

Response to Request. If the LEA has not sent a prior written notice, such as a Notice of Recommended Educational Placement, commonly referred to as a "NOREP", to the parent regarding the subject matter contained in the parent's Due Process Hearing Request, the LEA must send to the parent, within ten (10) days of receiving the Due Process Hearing Request, a response including the following information: (1) an explanation of why the LEA proposed or refused to take the action raised in the Hearing Request, (2) a description of other options the Individualized Education Program ("IEP") Team considered, if any, (3) and the reasons why those options were rejected, (4) a description of each evaluation procedure, assessment, record, or report the LEA used as the basis for the proposed or refused action and (5) a description of the factors that are relevant to the proposal or refusal. Filing this response to the parent's Due Process Hearing Request does not prevent the LEA from challenging the sufficiency of the Due Process Hearing Request. If it is the parent receiving the Due Process Hearing Request, then a response to the Due Process Hearing Request must be sent to the other side within ten (10) days of receipt of the request. The response should specifically address the issues raised in the Due Process Hearing Request.

Hearing Officer Determination of Sufficiency of the Due Process Hearing Request. Within five (5) days of receiving a party's challenge to the sufficiency of the Due Process Hearing Request, the Hearing Officer must make a determination based solely on the information contained within the Request whether the Request meets content requirements listed above. The Hearing Officer must immediately notify both parties in writing of his or her determination.

Subject Matter of the Hearing. The party requesting the due process hearing is not permitted to raise issues at the due process hearing that were not raised in the Due Process Hearing Request (or Amended Due Process Hearing Request) unless the other party agrees otherwise.

Resolution Session. Before a due process hearing can take place, the LEA must convene a preliminary meeting with the parent and the relevant member or members of the IEP Team who have specific knowledge of the facts identified in the Due Process Hearing Request in an attempt to resolve those issues without the need to proceed to a due process hearing. This preliminary meeting must be convened within fifteen (15) days of the receipt of the Due Process Hearing Request. A representative of the LEA who has decision-making authority must be present at this meeting. The LEA may not have an attorney attend the meeting unless the parent is also accompanied by an attorney. Parent advocates may attend the meeting. At the meeting, the parent will discuss the Due Process Hearing Request, and the LEA will be provided the opportunity to resolve the Due Process Hearing Request unless the parent and the LEA agree, in writing, to waive this meeting, or agree to use the mediation process. If the parent and LEA resolve the issues in the Due Process Hearing Request at the preliminary meeting, they must put the agreement terms in writing, and both the parent and a representative of the LEA who has the authority to bind the LEA must sign the agreement. The agreement is a legally-binding document and may be enforced by a court. Either the parent or LEA may void the agreement within three (3) business days of the date of the agreement. After three (3) business days, the agreement is binding on both parties.

Amended Due Process Hearing Request. Either the parent or a LEA may amend its Due Process Hearing Request only if the other party consents in writing to the amendment and is given the opportunity to resolve the issues raised in the Due Process Hearing Request through a resolution session, or the Hearing Officer grants permission for the party to amend the Due Process Hearing Request. However, the Hearing Officer may grant this permission not later than five (5) days before a due process hearing occurs.

Timeline for Completion of Due Process Hearing. If the LEA has not resolved the Due Process Hearing Request within thirty (30) days of receiving it, or within thirty (30) days of receiving the Amended Due Process Hearing Request the due process hearing may proceed and applicable timelines commence. The timeline for completion of due process hearings is forty-five (45) days, unless the Hearing Officer grants specific extensions of time at the request of either party.

Disclosure of Evaluations and Recommendations. Not less than five (5) business days prior to a due process hearing, each party must disclose to all other parties all evaluations completed by that date, and recommendations based on the offering party's evaluations that the party intends to use at the due process hearing. Failure to disclose this information may result in a Hearing Officer prohibiting the party from introducing the information at the hearing unless the other party consents to its introduction.

Due Process Hearing Rights. The hearing for a child with a disability or thought to have a disability must be conducted and held in the LEA at a place and time reasonably convenient to the parent and child involved. The hearing must be an oral, personal hearing and must be closed the public unless the parent requests an open hearing. If the hearing is open, the decision issued in the case, and only the decision, will be available to the public. If the hearing is closed, the decision will be treated as a record of the child and may not be available to the public. The decision of the Hearing Officer must include findings of fact, discussion, and conclusions of law. Although technical rules of evidence will not be followed, the decision must be based upon substantial evidence presented at the hearing. A written or, at the option of the parent, electronic verbatim record of the hearing will be provided to the parent at no cost. Parents may be represented by legal counsel and accompanied and advised by individuals with special knowledge or training with respect to the problems of children with disabilities. Parents or parent representatives must be given access to educational records, including any tests or reports upon which the proposed action is based. A party has the right to compel the attendance of and question witnesses who may have evidence upon which the proposed action might be based. A party has the right to present evidence and confront and cross-examine witnesses. A party has the right to present evidence and testimony, including expert medical, psychological, or educational testimony.

Decision of Hearing Officer. A decision made by a Hearing Officer must be made on substantive grounds, based upon a determination of whether the child received a FAPE. In disputes alleging procedural violations, a Hearing Officer may award remedies only if the procedural inadequacies impeded the child's right to a FAPE; significantly impeded the parents opportunity to participate in the decision-making process regarding the provision of a FAPE to the child; or caused a deprivation of educational benefits. A Hearing Officer may still order a LEA to comply with procedural requirements even if the Hearing Officer determines that the child received a FAPE. The parent may still file a Complaint with the Bureau of Special Education within the Pennsylvania Department of Education regarding procedural violations.

Civil Action. A party that disagrees with the findings and decision of the Hearing Officer has the right to file an appeal in state or federal court. In notifying the parties of the decision, the Hearing officer shall indicate the courts to which an appeal may be taken. The party filing an appeal is encouraged to seek legal counsel to determine the appropriate court with which to file an appeal. A party filing an appeal to state or federal court has ninety (90) days from the date of the decision to do so.

Attorney's Fees. A court, in its discretion, may award reasonable attorney's fees to the parent of a child who is a prevailing party or to a State Educational Agency or LEA against the attorney of the parent who files a Due Process Hearing Request or subsequent cause of action that is frivolous, unreasonable, or without foundation, or against the attorney of the parent who continued to litigate after the litigation clearly became frivolous, unreasonable or without foundation; or to a prevailing State Educational Agency or LEA against the attorney of the parent, or against the parent, if the parent's Due Process Hearing Request or subsequent cause of action was presented for any improper purpose, such as to harass, to cause unnecessary delay, or to needlessly increase the cost of litigation. Fees awarded will be based on rates prevailing in the community in which the action or proceeding arose for the kind and quantity of attorney services furnished.

The federal law imposes certain requirements upon the parent and LEA and in some circumstances may limit attorney fee awards. Parents should consult with their legal counsel regarding these matters. The following rules apply: Attorney's fees may not be awarded and related costs may not be reimbursed in any action or proceeding for services performed subsequent to the time of a written offer of settlement to the parent if the offer is made within the time prescribed by Rule 68 of the Federal Rules of Civil Procedures, or, in the case of an administrative hearing, at any time more than ten (10) days before the proceeding begins; the offer is not accepted within ten (10) days; and the court finds that the relief finally obtained by the parent is not more favorable to the parent than the offer of settlement. Attorney's fees may not be awarded for time spent attending any meeting of the IEP team unless the meeting is convened as a result of an administrative proceeding or judicial action. A due process resolution session is not considered to be a meeting convened as a result of an administrative hearing or judicial action, nor an administrative hearing or judicial action for purposes of reimbursing attorney's fees. The Court may reduce the amount of any attorney's fee award when: (a) the parent, or the parent's attorney, during the course of the action or proceeding unreasonably protracted the final resolution of the controversy; (b) the amount of the attorney's fees otherwise authorized to be awarded unreasonably exceeds the hourly rate prevailing in the community for similar services by attorneys of reasonably comparable skill, reputation, and experience; (c) the time spent and legal services furnished were excessive considering the nature of the action or proceeding; or (d) the attorney representing the parent did not provide to LEA the appropriate information in the Due Process Hearing Request. These reductions do not apply in any action or proceeding if the court finds that the State or LEA unreasonably protracted the final resolution of the action or proceeding.

Child's Status During Administrative Proceedings. Except for discipline cases, which have specific rules, while the due process case, including appeal to a court of competent jurisdiction, is pending, the child must remain in his or her present educational placement unless the parent and LEA or State agree

otherwise. If the due process hearing involves an application for initial admission to public school, the child, with parental consent, must be placed in the public school program until completion of all the proceedings, unless the parent and LEA agree otherwise.

Private School Tuition Reimbursement. In some cases, parents of children who were identified by the public school as eligible for special education and related services and who received such services can recover in a due process hearing or from a court an award of private school tuition reimbursement. Parents can also receive such awards if their child was in need of special education and related services but were not offered such services in a timely manner. To obtain an award of tuition reimbursement, parents must notify their public school of their intent to enroll their child in a private school either verbally at the last IEP team meeting prior to withdrawing their child or in writing received by the public school at least ten days prior to the date on which the child is withdrawn from public school. Parents can obtain tuition only when they can prove at a special education due process hearing that (1) the public school failed to offer an appropriate program or placement to the child, (2) the parents therefore placed their child in a private school, and (3) the private school placement was proper. Tuition reimbursement awards can be denied or reduced if the parent's behavior was improper or if the parents delay unreasonably in asserting a claim against the public school in a due process hearing. **Such awards can also be denied or reduced if the parents fail to do one of the following: (1) notify the public school of their intent to place the child in a private school at the last IEP team meeting prior to the planned placement or (2) notify the public school in writing of their intent to place the student in a private school at least ten days before withdrawing the student for that purpose.**

Mediation. Parties may agree to submit their dispute to the mediation process by requesting mediation from the Office for Dispute Resolution. Mediation may be requested in place of or in addition to a due process hearing. If a hearing is also requested, mediation cannot delay the scheduling of the due process hearing, unless the Hearing Officer grants a continuance for that purpose at the request of a party. An impartial, trained mediator facilitates the mediation process, which is scheduled at a time and location convenient to the parties. The parties are not permitted to have attorneys participate in the process. Any resolution reached through mediation must be reduced to writing, which will be binding on the parties.

Rights under Section 504 of the Rehabilitation Act of 1973. As noted above, some students with disabilities who are not in need of special education and related services are nevertheless entitled to adaptations and accommodations in their school program or in the physical environment of school buildings, grounds, vehicles, and equipment, when such adaptations or accommodations are required to enable the student to access and participate meaningfully in educational programming and extracurricular activities. Parents are entitled to a written description of the adaptations and accommodations that the public school is willing to offer. This written description is called a "service agreement" or "accommodation plan." The rights and protections described above under the headings "Notice," "Consent," "Protection in Evaluation Procedures," and "Maintenance of Placement" apply to students receiving adaptations and accommodations under Section 504. Parents who have complaints concerning the evaluation, program, placement, or provision of services to a student may request either an informal conference with the public school or a due process hearing. The hearing must be held before an impartial hearing officer at a time and location convenient to the parents. Parents have the right to request a free written or electronic transcript or recording of the proceedings, to present evidence and witnesses disclosed to the public school, to confront evidence and testimony presented by the public school, to review their child's complete educational record on request before the hearing, to receive a written decision from the hearing officer, and to be represented by counsel or an advocate of their choice. An appeal may be taken from the decision of the hearing officer to a court of competent jurisdiction.

Compliance Complaints. In addition to the above hearing rights, parents and others with complaints concerning the education of a child with disabilities or violations of rights guaranteed by either the IDEA or Section 504 may file complaints with the Pennsylvania Department of Education, which must investigate such complaints and issue written findings and conclusions. Information concerning such complaints can be obtained at the following address:

Students Who are Mentally Gifted

The Blue Mountain School District also offers special education services, in the form of acceleration or enrichment, for students who are identified by a gifted multidisciplinary team ("GMDT") as "mentally gifted." A child is considered mentally gifted when his or her cognitive ability or other factors, as determined by a multidisciplinary team evaluation, indicate that he or she has outstanding intellectual ability the development of which requires special programs and services not ordinarily available in the general education program. The District engages in screening activities during regular classroom instruction and uses the data thus generated to determine whether a GMDT evaluation is warranted. In addition, parents may request gifted screening or a GMDT evaluation at any time. Parents are part of the GMDT and, if their child is determined to be mentally gifted, is part of the development and annual review and revision of their child's gifted individualized educational program ("GIEP") as a member of the GIEP team. The GIEP describes the present levels, annual goals and measurable objectives, and specially designed instruction and related services through which the District will provide the enrichment or acceleration, or both, that is needed to develop the outstanding mental ability of the child. Parents of students who are mentally gifted have the right to request a special education due process hearing or to file a compliance complaint with the Pennsylvania Department of Education at the above address. Details concerning the procedures governing hearing requests can be found on the Website of the Office for Dispute Resolution as www.pattan.k12.pa.us.

A child can be identified as both a child with a disability and mentally gifted. In such cases, the rights of the child and his or her parents are governed by the rules applicable to children with disabilities and their parents, as described above.

Student Records

The public schools of Schuylkill County maintain records concerning all children enrolled in public school, including students with disabilities. Records containing personally identifiable information about or related to children with disabilities could include, but are not limited to, cumulative grade reports, discipline records, enrollment and attendance records, health records, individualized education programs, notices of recommended assignment, notices of intent to evaluate and reevaluate, comprehensive evaluation reports, other evaluation reports by public school staff and by outside evaluators, work samples, test data, data entered into the Penn Data system, correspondence between school staff and home, instructional support team documents, referral data, memoranda, and other education-related documents. Records can be maintained on paper, on microfiche, on audio or videotape, and electronically. Records can be located in the central administrative offices of the public school, the administrative offices of the Schuylkill County Intermediate Unit, the school building or building at which the student attended or attends school, private schools and facilities at which the public school has placed the child for educational purposes, central storage facilities and electronic storage systems, and in the secure possession of teachers, building administrators, specialists, psychologists, counselors, and other school staff with a legitimate educational interest in the information contained therein. All records are maintained in the strictest confidentiality.

Records are maintained as long as they remain educationally relevant. The purposes of collecting and maintaining records are (1) to ensure that the child receives programs and services consistent with his or her IEP; (2) to monitor the ongoing effectiveness of programming for the child; (3) to document for the public school and the parents that the student is making meaningful progress; (4) to satisfy the requirements of state and federal agencies who have an interest in inspecting or reviewing documents concerning particular students or groups of students for purposes of compliance monitoring, complaint investigation, and fiscal and program audits; and (5) to inform future programming for and evaluations of the child. When educational records, other than those which must be maintained, are no longer educationally relevant, the public school must so notify the parents in writing and *may* destroy the records or, at the request of the parents, *must* destroy them. Public schools are not required to destroy records that are no longer educationally relevant unless the parents so request in writing.

Parent consent. Parent consent is required in writing prior to the release of any personally identifiable information concerning a child with disabilities. Parent consent is not required, however, prior to the release of information (1) to a hearing officer in a special education due process hearing; (2) to public school staff and contractors with a legitimate educational interest in the information; (3) to officials or staff of other schools and school systems at which the student is enrolled or intends to enroll; (4) to federal or state education officials and agencies and to the Comptroller of the United States; (5) to accrediting organizations to carry out their accrediting functions; (6) to comply with a lawful subpoena or judicial order; (7) in conjunction with a health or safety emergency to the extent necessary to protect the health and safety of the child or others; or (8) that the public schools have designated as “directory information.” Disclosure without consent of the parent is subject to certain conditions more fully described in the Family Educational Rights and Privacy Act, 20 U.S.C. § 1332g, and its implementing regulation, 34 C.F.R. Part 99.

Parent access. Upon submitting a request to do so in writing, parents have the right to access the educational records of their child within forty five days or before any due process hearing or IEP team meeting, whichever is sooner. Access entitles the parent to the following: (1) an explanation and interpretation of the records by public school personnel; (2) copies of the records if providing copies is the only means by which the parent can effectively exercise his or her right of inspection and review; and (3) inspection and review of the records by a representative of the parent’s choosing upon presentation to the records custodian of a written authorization from the parent. The public school can charge a fee not to exceed its actual costs for copying records.

“Directory information.” Public school entities designate certain kinds of information as “directory information.” The public schools of Schuylkill County typically designate the following as “directory information”: (1) the name, address, telephone number, and photographs of the child; (2) the date and place of birth of the child; (3) participation in school clubs and extracurricular activities; (4) weight and height of members of athletic teams; (5) dates of attendance; (6) diplomas and awards received; (7) the most recent previous institution or school attended by the child; and (8) names of parents, siblings, and other family members. The District will provide this information to any interested person, including armed forces recruiters who request it, without seeking consent from the parents of the student or the student. Parents who do not want the District to disclose such information *must so notify the District in writing on or before the first day of the school term.* Written notice must identify the specific types of directory information that the parent does not want the District to disclose without consent. If the parent fails to notify the District in writing by the first day of the school term, the District may release directory information upon request and without consent.

Disclosure of records containing personally identifiable information to other schools and institutions. Public school entities disclose personally identifiable information concerning students to educational agencies or institutions at which the student seeks to enroll, intends to enroll, or is enrolled, or from which the student receives services, when that agency or institution requests such records.

Access to records by school officials with a “legitimate educational interest.” School officials with a legitimate educational interest in the personally-identifiable information contained in education records can have access to personally identifiable information without parent or student consent. Each school entity designates in its education records policy those persons who have a “legitimate educational interest” that would allow such access to education records. Such persons typically include teachers of the child, building administrators, guidance counselors to whom the child is assigned, members of instructional support and multidisciplinary teams in the course of screening and evaluation activities, records custodians and clerks, public school administrators with responsibility for programs in which the student is enrolled or intends to be enrolled, school board members sitting in executive session in consideration of matters concerning the child upon which only the school board can act, program specialists and instructional aides working with the child, therapeutic staff working with the child, and substitutes for any of the foregoing persons

Amendment of education records. After reviewing records, a parent or a student who has attained the age of 18 can request that records be amended. The school will make the requested changes or reject the request within forty-five days of the receipt of the request in writing. If the school rejects the request, the parent or student may request an informal hearing. The hearing can be held before any public school official who does not have a direct interest in its outcome. If the parents are dissatisfied with the outcome of the informal hearing, they may submit to the public school a statement outlining their disagreement with the record. The school thereafter must attach a copy of that statement to all copies of the record disclosed to third parties.

Complaints to the United States Department of Education. Complaints concerning alleged failure of a public school entity to comply with the requirements of the Family Educational Rights and Privacy Act may be addressed to the United States Department of Education as follows:

9. IF I DON'T QUALIFY NOW, MAY I APPLY LATER? Yes, you may apply at any time during the school year. For example, children with a parent or guardian who becomes unemployed may become eligible for free and/or reduced price meals if the household income drops below the income limit.
10. WHAT IF I DISAGREE WITH THE SCHOOL'S DECISION ABOUT MY APPLICATION? You should talk to school officials.
11. MAY I APPLY IF SOMEONE IN MY HOUSEHOLD IS NOT A U.S. CITIZEN? Yes. You, your children, or other household members do not have to be U.S. citizens to apply for free or reduced price meals.
12. WHAT IF MY INCOME IS NOT ALWAYS THE SAME? List the amount that you normally receive. For example, if you normally make \$1000 each month, but you missed some work last month and only made \$900, put down that you made \$1000 per month. If you normally get overtime, include it, but do not include it if you only work overtime sometimes. If you have lost a job or had your hours or wages reduced, use your current income.
13. WHAT IF SOME HOUSEHOLD MEMBERS HAVE NO INCOME TO REPORT? Household members may not receive some types of income we ask you to report on the application or may not receive income at all. Whenever this happens, write a 0 in the field. However, if any income fields are left empty or blank, those will also be counted as zeroes. Be careful when leaving income fields blank, as we will assume you meant to do so.
14. WE ARE IN THE MILITARY. DO WE REPORT OUR INCOME DIFFERENTLY? Your basic pay and cash bonuses must be reported as income. If you get any cash value allowances for off-base housing, food, or clothing, or receive Family Subsistence Supplemental Allowance payments, it must also be included as income. However, if your housing is part of the Military Housing Privatization Initiative, do not include your housing allowance as income. Any additional combat pay resulting from deployment is also excluded from income.
15. WHAT IF THERE ISN'T ENOUGH SPACE ON THE APPLICATION FOR MY FAMILY? List any additional household members on a separate piece of paper and attach it to your application. Contact **your school office secretary** to receive a second application.
16. MY FAMILY NEEDS MORE HELP. ARE THERE OTHER PROGRAMS WE MIGHT APPLY FOR? To find out how to apply for **SNAP** or other assistance benefits, visit www.compass.state.pa.us, contact your local county assistance office, or call 1-800-692-7462.

If you have other questions or need help, email Tina J. Gerlott at tjgerlott@bmsd.org

How To Apply for Free and Reduced Price School Meals

Please use these instructions to help you fill out the application for free and reduced price school meals. You only need to submit one application per household, **even if your children attend more than one school in the**

The application must be filled out completely to determine the eligibility of your child(ren) for free or reduced price school meals. Please follow these instructions in order! Each step of the instructions is the same as the steps on your application. If at any time you are not sure what to do next, please contact

Please use a pen (not a pencil) when filling out the application and do your best to print clearly.

Step 1: List ALL children, infants, and students up to and including grade 12

Tell us how many infants/toddlers, children not in school, and elementary/middle/high school students live in your household. They do NOT have to be related to you to be a part of your household.

Who should I list here? When filling out this section, please include ALL members in your household who are:

- Children age 18 or under AND are supported with the household's income;
- In your care under a formal foster arrangement through a court or state/local agency, or qualify as homeless, migrant, or runaway youth;
- Students attending (regardless of age)

A) List each child's name. Print each child's name. Use one line of the application for each child. When printing names, write one letter in each box. Stop if you run out of space. If there are more children present than lines on the application, attach a second piece of paper (or a second application if completing electronically) with all required information for the additional children. This also applies to adults in Step 3. "MI" is short for middle initial. Print the first letter of each child's middle name in the box.

B) Is the child a student? If "Yes," write the grade level of the student in the "Grade" column to the right.

C) Do you have any foster children? If any children listed are foster children, mark the "Foster Child" box next to the child's name. If you are **ONLY** applying for foster children, after finishing **Step 1**, go to **Step 4**.

Foster children who live with you may count as members of your household and should be listed on your application. If you are applying for both foster and non-foster children, go to Step 3. Note: Adopted children are not considered foster children. A foster child is a minor child who has been taken into state custody and placed with a state-licensed adult, who cares for the child in place of their parent or guardian.

D) Are any children homeless, migrant, or runaway? If you believe any child listed in this section meets this description, mark the "Homeless, Migrant, Runaway" box next to the child's name and complete all steps of the application. Homeless, Migrant, Runaway status must be confirmed with the appropriate program staff. If the school district cannot confirm your student's homeless, migrant, or runaway status, then the school district will contact you to complete an income-based application. You may choose to provide income information now in order to prevent the school district from potentially needing to contact you later.

Step 2: Do any household members currently participate in SNAP, TANF, or FDPIR?

If anyone in your household (including you) currently participates in one or more of the assistance programs listed below, your children are eligible for free school meals:

- The Supplemental Nutrition Assistance Program (SNAP) or
- Temporary Assistance for Needy Families (TANF) or
- The Food Distribution Program on Indian Reservations (FDPIR).

A) If no one in your household participates in any of the above listed programs:

- Check “No” in **Step 2** and go to **Step 3**.

B) If anyone in your household participates in any of the above listed programs:

- Write a case number for SNAP, TANF, or FDPIR. You only need to provide one case number. If you participate in one of these programs and do not know your case number, contact:
 - Go to **Step 4**.

Step 3: List ALL household members and income for each member

How do I report my income?

- Use the lists titled “**Sources of Income**” & “**Examples of Income for Children**,” on the back side of the application form to determine if your household has income to report.
- Report all amounts in GROSS INCOME ONLY. Report all income in whole dollars. Do not include cents.
 - Gross income is the total income received **before** taxes and deductions.
 - Many people think of income as the amount they “take home” and not the total, “gross” amount. Make sure that the income you report on this application has NOT been reduced to pay for taxes, insurance premiums, or any other amounts taken from your pay.
- Write a “0” in any fields where there is no income to report. Any income fields left empty or blank will also be counted as a zero. If you write “0” or leave any fields blank, you are certifying (promising) that there is no income to report. If local officials suspect that your household income was reported incorrectly, your application will be investigated.
- Mark how often each type of income is received using the check boxes to the right of each field.

3.A. Report income earned by adults

Who should I list here?

- When filling out this section, please include ALL adult members in your household who are living with you and share income and expenses, even if they are not related and even if they do not receive income of their own.
- **Do NOT include:**
 - People who live with you but are not supported by your household’s income AND do not contribute income to your household.
 - Infants, children and students already listed in **Step 1**.

Step 3: List ALL household members and income for each member

1) List adult household members' names.

Print the name of each household member in the boxes marked "Names of Adult Household Members (First and Last)." Include college students, unless they are declared independently on taxes (all college students are considered adults). Do not list any household members you listed in **Step 1**.

2) List earnings from work.

List all income from work in the "Earnings from Work" field on the application. This is usually the money received from working at jobs. If you are a self-employed business or farm owner, you will report your net income. Net income is your income after taxes and deductions have been subtracted.

- **What if I have multiple jobs?** List each job separately by entering your name and income from each job on a new line. Add an additional sheet of paper if necessary.
- **What if I am self-employed?** List income from your business as a net amount. This net amount is calculated by subtracting the total operating expenses of your business from its gross receipts (revenue). Gross receipts or revenue are all the income earned from the sale of any products or services offered.

If a child listed in **Step 1** has income, follow the instructions in **Step 3, Part B**.

3) List income from public assistance/child support/alimony.

List all income that applies in the "Public Assistance/Child Support/Alimony" field on the application. Do not report the cash value of any public assistance benefits NOT listed on the chart. If income is received from child support or alimony, only report court-ordered payments. Informal but regular payments should be reported as "other" income in the next part.

4) List income from pensions/retirement/all other income.

List all income that applies in the "Pensions/Retirement/All Other Income" field on the application.

- **What if I receive income from multiple sources in this category?** List each source separately by entering your name and income from each source on a new line. Add an additional sheet of paper if necessary.

5) List total household size.

Enter the total number of household members in the field "Total Household Members (Children and Adults)." This number **MUST** be equal to the number of household members listed in **Step 1** and **Step 3**. If there are any members of your household that you have not listed on the application, go back and add them. It is very important to list all household members, as the size of your household affects your eligibility for free and reduced price meals.

6) Provide the last four digits of your Social Security Number.

An adult household member must enter the last four digits of their Social Security Number in the space provided. You are eligible to apply for benefits even if you do not have a Social Security Number. If no adult household members have a Social Security Number, leave this space blank and mark the box to the right labeled "Check if no Social Security Number."

3.B List income earned by children

List all income earned or received by children.

List the combined gross income for ALL children listed in **Step 1** in your household in the box marked "Child Income." Only count foster children's income if you are applying for them together with the rest of your household.

- **What is Child Income?** Child income is money received from outside your household that is paid **DIRECTLY** to your children. Many households do not have any child income.

Step 4: Contact information and adult signature

All applications must be signed by an adult member of the household. By signing the application, that household member is promising that all information has been truthfully and completely reported. Before completing this section, please also make sure you have read the statements on the back of the application.

A) Provide your contact information. Write your current mailing address in the fields provided, if this information is available. If you have no permanent address, that is okay. Sharing a phone number, email address, or both is optional, but helps us reach you quickly if we need to contact you.

B) Print and sign your name and write today's date. Print the name of the adult signing the application and that person signs in the box "Signature of adult."

C) Mail completed application to:

By providing this information, you will assist us in assuring that this program is administered in a nondiscriminatory manner.

Please return the application directly to your child's SCHOOL. DO NOT mail, fax, or email completed applications or questions about applications to the USDA Office of the Assistant Secretary for Civil Rights or your child's eligibility for free or reduced-price meals will be delayed.

Procedure for Food and Nutrition Services (FNS) Civil Rights Complaints
Pennsylvania Department of Education
Division of Food and Nutrition

- 1) Sponsor receives a Civil Rights complaint from the complainant (i.e. parent).
 - a) Sponsor must inform complainant of Federal Civil Rights rules and regulations that have been established for protected classes. (A protected class is any person or group of people who are protected from discrimination based on):
 1. Race
 2. Color
 3. National Origin
 4. Age
 5. Sex (including gender identity and sexual orientation)
 6. Disability
 - b) Sponsor must provide complainant the necessary information to file a complaint, which is:
 1. Mailing address of the USDA:
U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410
 2. USDA's Contact Information:
Telephone: (866) 632-9992 or (202) 260-1026
Local or Federal relay: (800) 877-8339
Spanish Relay: (800) 845-6136
Fax: (833) 256-1665 or (202) 690-7442
Email: program.intake@usda.gov
 3. Electronic link to file a civil rights complaint (Filing a Program Discrimination Complaint as a USDA Customer): <https://www.usda.gov/oascr/complaint-resolution>
- c) **After providing the complainant with the information on how to file a Civil Rights complaint directly at the Federal level**, the sponsor may attempt to resolve the complaint if it is a matter that can be resolved quickly. Resolving complaints in real-time at the lowest possible level is encouraged. (***Note:** This is not an investigation as neither the sponsor nor the State Agency has the authority to conduct complaint investigations. This is simply trying to resolve the situation if it was potentially caused by a miscommunication.)

Note: If the sponsor is unsure if the complaint falls under a protected class, sponsor should provide complainant the federal complaint information.

If the complainant refuses to discuss the matter any further with the sponsor or if the matter cannot be resolved quickly, then the sponsor should:

1. Reiterate the complaint filing procedures in 1) b),
2. Document the complaint and actions taken (i.e. referral to Federal complaint procedures) in a Civil Rights complaint log that is separate from any other complaint log, (***Note:** A separate Civil Rights complaint log is necessary due to confidentiality and privacy laws. See complaint log requirements in d) below.), and

3. Notify the State Agency of the discussion. (***Note:** it is important for the sponsor to notify the State Agency because regular communication between the sponsor and State Agency is key to operating the program successfully.)

If the complainant is willing to try to resolve the issue with the sponsor and a satisfactory resolution is achieved, then the sponsor should still remind the complainant (using the information in 1) b)) of his/her right to file at the Federal level if necessary. (***Note:** Complainants retain the right to file at the Federal level even if a resolution seems to have been reached at the sponsor level.) The sponsor needs to document the complaint and actions taken (i.e. how resolution was achieved) in a log that is separate from any other complaint log, and notify the State Agency of the resolution.

- d) Regardless if the complainant wishes to file at the Federal level, the sponsor should document as much information as possible in their Civil Rights complaint log including, but not limited to, the following:

- Date Complaint Received
- Complainant's Name
- Complainant's Address
- Complainant's Telephone Number
- Complainant's Email Address
- Allegation of Discrimination/Issue (i.e. FNS program involved, protected class(es) involved, etc.)
- Date of Alleged Discriminatory Action

1. The sponsor **must forward** the information, **within 5 days of receipt of complaint** from complainant, to the State Agency Civil Rights Coordinator (process depicted below):

State Agency Civil Rights Coordinator ➔ State Agency Director* ➔ FNS Regional Office Civil Rights Contact ➔ FNS Headquarters Civil Rights Office ➔ Complainant

2. *State Agency level **must forward** complaint information, **within 5 days of receipt of complaint** from sponsor, to the FNS regional office.
3. FNS team conducts complaint review and investigation, which includes contact with the complainant, State Agency, sponsor, etc.

2) Additional Information:

- a) Complainants must file within 180 days of the alleged action
- b) Confidentiality is extremely important
- c) USDA complaint form:
 - English version: [U.S. Department of Agriculture USDA Program Discrimination Complaint Form](#)
 - Spanish version: [Departamento de Agricultura de los EE. UU. \(USDA\) Formulario de Denuncia por Discriminación del Programa del USDA](#)
- d) Email the State Agency Civil Rights Coordinator for all Civil Rights complaints, including disability related complaints:
